Professor of Child and Adolescent Psychiatry ,UMF Carol Davila, Bucharest
Head of department, Child and Adolescent Psychiatry Clinic, "Prof. Dr. Al. Obregia" Psychiatry Hospital, Bucharest,
Primary Physician in Paediatric Neuropsychiatry

Professional experience

Period	2007 and present
Occupation or position held	Professor of Child and Adolescent Psychiatry, Head of Child and Adolescent Psychiatry Department, "Prof. Dr. Al. Obregia" Psychiatry Hospital, Bucharest
Main activities and responsibilities	University teaching activity - medical students, resident physicians of Child and Adolescent Psychiatry, Psychiatry, Pediatrics, Pediatric Neurology
Name and address of employer	UMF Carol Davila, 37 Dionisie Lupu Street, Bucharest, Romania
Type of activity	Teaching activity, university area
Period	2003-2007
Occupation or position held	Associate Professor of Child and Adolescent Psychiatry and Psychology Department, Head of department, Child and Adolescent Psychiatry Clinic, "Prof. Dr. Al. Obregia" Psychiatry Hospital, Bucharest,
Main activities and responsibilities	University teaching activity - medical students, resident physicians of Child and Adolescent Psychiatry, Psychiatry, Pediatrics, Pediatric Neurology
Name and address of employer	UMF Carol Davila, 37, Dionisie Lupu Street, Bucharest, Romania

Type of activity	University teaching activity, university area
Period	1996-2003
Occupation or position held	Lecturer of Child and Adolescent Psychiatry and Psychology Department
Main activities and responsibilities	University teaching activity - medical students, resident physicians of Child and Adolescent Psychiatry, Psychiatry, Pediatrics, Pediatric Neurology
Name and address of employer	UMF Carol Davila, 37Dionisie Lupu Street, Bucharest, Romania
Type of activity	University teaching activity, university area
Period	1991-1996
Occupation or position held	Assistant Professor of Child and Adolescent Psychiatry and Psychology Department
Main activities and responsibilities	University teaching activity - medical students, resident physicians of Child and Adolescent Psychiatry, Psychiatry, Pediatrics, Pediatric Neurology
Name and address of employer	UMF Carol Davila, 37 Dionisie Lupu Street, Bucharest, Romania
Type of activity	University teaching activity, university area
Period	1989-1991
Occupation or position held	Substitute Assistant Professor of Pediatric Neuropsychiatry Department
Main activities and responsibilities	University teaching activity - medical students, resident physicians of Child and Adolescent Psychiatry, Psychiatry, Pediatrics, Pediatric Neurology
Name and address of employer	UMF Carol Davila, 37 Dionisie Lupu Street, Bucharest, Romania
Type of activity	University teaching activity, university area
Period	1984-1989
Occupation or position held	Assistant / physician level II of Pediatric Neuropsychiatry Department
Main activities and responsibilities	University Teaching activity - medical students, resident physicians of Child and Adolescent Psychiatry, Psychiatry, Pediatrics, Pediatric Neurology
Name and address of employer	UMF Carol Davila, 37 Dionisie Lupu Street, Bucharest, Romania
Type of activity	University teaching activity, university area
Education and Training	
Period	1996
Qualification / diploma	PhD in Medical Sciences
Principal subjects / professional competences	
Name and type of education institution / training provider	UMF „Carol Davila”, Bucharest
Period	1993 and present

Qualification / diploma	Attending Physician in Pediatric Neuropsychiatry
Principal subjects / professional competences	Pediatric Neuropsychiatry
Name and type of education institution / training provider	Child and Adolescent Psychiatry Clinic, “Prof. Dr. Al. Obregia” Psychiatry Hospital, Bucharest
Period	1988-1993
Qualification / diploma	Specialist doctor in Child and Adolescent Psychiatry
Principal subjects / professional competences	Pediatric Neuropsychiatry
Name and type of education institution / training provider	Pediatric Neuropsychiatry Clinic, “Prof. Dr. Al. Obregia” Psychiatry Hospital, Bucharest
Period	1984-1988
Qualification / diploma	Pediatric Neuropsychiatry Practitioner
Principal subjects / professional competences	Pediatric Neuropsychiatry
Name and type of education institution / training provider	Pediatric Neuropsychiatry Clinic, “Prof. Dr. Al. Obregia” Psychiatry Hospital, Bucharest
Period	1982-1984
Qualification / diploma	Medical intern / preallocated / physician level II
Principal subjects / professional competences	Pediatric Neuropsychiatry
Name and type of education institution / training provider	"Victor Gomoiu" Children Clinical Hospital, Bucharest
Period	1976-1982
Qualification / diploma	MD in Medical sciences
Principal subjects / professional competences	Pediatrics
Name and type of education institution / training provider	Pediatrics University, UMF „Carol Davila”, Bucharest

Competences and computer skills

Microsoft Office

Additional information

Member of the board in Romanian League for Mental Health.
Member of the World Psychiatric Association
Member of the National Psychiatry and Psychotherapy Association
Member of the National Association of Endocrinology

Projects, research, programmes

COST Action TD1005: „Pain Assessment in Patients with Impaired Cognition, especially Dementia”; 2010-2015; (collaborator; principal investigator for Romania Magdalena Budisteanu)

2015- on going - The involvement of neuropeptides and neurotrophines in the development of ASD, project developed in Child and Adolescent Clinic in coloboration with „Victor Babes” Institute, Bucharest – project supervisor

2015 – on going - Subjective report of environmental risc factors involved in the pathogenesis of ASD, project developed in Child and Adolescent Clinic, „Prof. Dr. Al. Obregia” Psychiatry Hospital – project coordinator

2015-on going - Modifications in the child and adolescent pathology in the past decade – a longitudinal observational study, project developed in Child and Adolescent Clinic, „Prof. Dr. Al. Obregia” Psychiatry Hospital - project coordinator

COST Action BM1004: „Enhancing the scientific study of early autism: A network to improve research, services and outcomes”; 2010-2014; (collaborator; principal investigator for Romania Magdalena Budisteanu)

SANCO/2014/C2/035 ASDEU: Autism Spectrum Disorders in the European Union (leader)

2014 – Research Project No. 1493-1412 / 28.01.2014: The Role of aldehyde dehydrogenase in the pathogenesis of autism, budgeted UMF Iuliu Hatieganu, Cluj Napoca, Biochemistry Department- partner Department of Psychiatry of the Child and Adolescent, UMF Carol Davila Bucharest

COST Action BM1004: „Enhancing the scientific study of early autism: A network to improve research, services and outcomes”; 2010-2014;

2012 - Team member involved in the collaboration between the Laboratory of Medical Genetics at the National Institute for Research and Development in Pathology and Biomedical Sciences "Victor Babes" and Child and Adolescent Psychiatry Department for genetic studies

2012 – aplicacion FP7 The relation between early psychosocial deprivation and mental health and its implications for intervention, treatment, and global health policy (SERAHVDCHILD) – team member

2012 – aplicacion PNII - New approaches to international standards of clinical pharmacology and fundamental research in children with autism and the use of information technology to improve education of parents and professionals in the field of autism

2012 – Coordinator of National Mental Health Program 3.1 Prophylaxis in psychiatric and psychosocial pathology

2011 – Coordinator of National Mental Health Program 3.1 Prophylaxis in psychiatric and psychosocial pathology

2010 – present: long term expert POSDRU Project Forming Teacher's Competences for Promoting the welfare of children in schools (ID 33894)

2009 - Phare Project „Day center for children with atypical development profile ”-team member
2009 – Project „School Children Mental Health in Europe – SC MHE” in partnership with Romanian League for Mental Health- team member
2009 - „Development of mental health services for children aged 0-6/7 years - National Strategy ”- team member
2009 – Coordinator of Ministry of Health Project: National Mental Health's project -development services specialized in the treatment of autistic disorder and ADHD
2007 – coordinator of the Ministry of Public Health's program for children with atypical development profiles (activity No. 13 of the Order 570/116/2007)
2007 - “Proposal for Collaborative Project” FP7-HEALTH -2007-B, EU-GRANT-APPLICATION, „Autism-Spectrum-Disorders in South-Eastern-Europe: Medical and genetic risk factors (ASD-SEE)”
2006-2009 – CAMHEE – Child and Adolescent Mental Health in Enlarged European Union : Development of Effective Policies and Practices – International Project under the Coordination of State Mental Health Center, Vilnius, Lithuania.
2002-2004 – COSIP – Preventive Intervention in Children with a Parent with a Terminal Somatic Illness – International Project, under the Coordination of Hamburg University – final phases.
2000–2002 –participant, member of LRSM in PHARE Program „Mental health is treatable How do you treat the mental health problems?"

Clinical Trials

2012 - A Long-Term Multicenter, Randomized, Double-blind, Placebo-controlled Study to Evaluate the Efficacy, Safety, and Tolerability of Aripiprazole (OPC-14597) as Maintenance Treatment in Adolescent Patients with Schizophrenia, investigator principal
2012 - A Long-Term Multicenter, Randomized, Double-blind, Placebo-controlled Study to Evaluate the Efficacy, Safety, and Tolerability of Aripiprazole as Maintenance Treatment in Adolescent Patients with Tourette Syndrome, investigator principal

2011 – A Phase 3, Randomised, Double-blind, Multicentre, Parallel-group, Placebo- and Active Reference, Dose-optimisation Efficacy and Safety Study of Extended-release Guanfacine Hydrochloride in Children and Adolescents aged 6-17 years with Attention-Deficit/Hyperactivity, investigator principal

2011 – A Long-Term, Multicenter, Open-label, Flexible Dose, Safety trial of Lisdexamfetamina dismetilat in Children and Adolescent 6-17 years with Attention-Deficit/Hyperactivity Disorder, investigator principal

2011 – A 26-week, Multicenter, Open-label, Flexible Dose, Long-term Safety trial of Asenapine in Adolescent Subjects with Schizophrenia, investigator principal
2011 – An 8-week, Placebo-controlled, Double-blind, Randomized, Fixed-dose Efficacy and Safety trial of Asenapine in Adolescent Subjects with Schizophrenia, principal investigator

2010 - R076477PSZ3003, Study Johnson & Johnson Pharmaceutical Research & Development, L.L.C, principal investigator

2008 – „Investigaton of factors associated with changes in ADHD severity during a 2-year follow-up period in patients that are responders and stableon their first pharmacotherapy; The AUTOR study”, principal investigator

2007 - 2010 – PALIOROS-PSZ-3001 & 3002 Study Johnson & Johnson Pharmaceutical Research & Development, L.L.C, principal investigator
2006 - PALIOROS-PSZ-1001; Phase I - Open-label study to evaluate the safety and pharmacokinetics of single-and multiple-dose extended-release OROS-paliperidone in pediatric subject with schizophrenia,schizoaffective disorder or schizophreniform disorder. Johnson & Johnson Pharmaceutical Research & Development, L.L.C

2006 - OMRI-031-03-241 A multi-center,open-label safety and tolerability study of flexible-dose oral Aripiprazole in the treatment of adolescent patients with schizophrenia and child and adolescent patients with bipolar I disorder,manic or mixed episode.Otsuka Maryland Research institute

2006 - OMRI-031-03-239 A multi-center,open-label safety and tolerability study of flexible-dose oral Aripiprazole in the treatment of adolescent patients with schizophrenia and child and adolescent patients with bipolar I disorder,manic or mixed episode.Otsuka Maryland Research institute

2005 – B4Z-vi-B004 – A 12 month observational prospective study on life quality associated with ADHD – Principal Investigator – Elly Lilly.

2005 – RIS-USA-234 – The Efficacy and Safety of Risperidone in the Treatment of Adolescents with Schizophrenia: A Follow up Trial of RIS-USA-231 and RIS-SCH-302 – Principal Investigator – Johnson & Johnson. Johnson & Johnson Pharmaceutical Research & Development, L.L.C

2005 – RIS-USA-231 – The Efficacy and Safety of Risperidone in the Treatment of Adolescents with Schizophrenia – Principal Investigator – Johnson & Johnson.

2001-2002 – RIS-INT 71 Effects of Rispolept/risperdal Treatment in Children with Conduct Disorder and Mild Mental Retardation, in long term administration – the second year with possible biological consequences, including phase 4 – Janssen.

2000-2001 – RIS-INT 41 Effects of Rispolept/risperdal Treatment in Children with Conduct Disorder and Mild Mental Retardation, including phase 4 – Janssen.
